FOR IMMEDIATE RELEASE

Hughson's Concerts in the Park Presents: SUN FEST Round II

Thanks to the success of our Concerts in the Park Debut: SUN Fest on June 21, 2014, Hughson's Concerts in the Park Committee, comprised of the City of Hughson, the Hughson Chamber of Commerce, Citizens for a Healthy Community (CHC), and local partners Josh Dickinson and Megan De Vasure have come together to bring the community another chance to enjoy local music, arts, and festivities, while of course promoting family values, community involvement, and overall city appreciation.

With nearly 200 people in attendance at Hughson's Concerts in the Park's Debut event, held on June 21, 2014, the Hughson Concerts in the Park Committee was able to gather a great deal of information for improvements through experience and feedback. While we were extremely satisfied with the outcome of the last event, this installment seeks to narrow in on features that will enhance the overall Concerts in the Park experience.

Like the Debut event, this Concerts in the Park event too is themed SUN Fest; however, as the event flyer indicates, round two of this event has a much more narrowed purpose. The goal of this event is to generate an atmosphere for community and an appreciation for arts and music. To highlight this purpose, the Concerts Committee has invited local restaurants as well as a variety of local artists to vend at the event.

The lineup for this event includes local bands of the ambient and alternative genre: Soap Box, Myosin, Nik Jackson, and Indian Runner. These bands, alongside the various art vendors will serve to recreate the relaxed, family friendly atmosphere that was highly anticipated from the last event, and will further enhance the overall Concerts success.

The City of Hughson and its local partners welcomes all to Hughson's Concerts in the Park:

SUN Fest Round II, Saturday July 26, 2014 from 6:00 pm to 9:30 pm at LeBright Park, 6937 Fox Road Hughson CA, 95326. Bring chairs, blankets, family and friends and come support local bands, local businesses, and local artists to take part in a piece of what makes a community strong. Participation and attendance will significantly help in the implementation of future events, as the City and its partners look to revisit and reinvigorate the Concerts in the Park series in again 2015. See you there.
