Hughson Business Assistance Program Supports New Businesses

The City of Hughson is proud to welcome Magnolia Farmhouse Market, Shami's Dog and Perks Coffee Co. to our growing community! Over the past months, all three businesses have taken advantage of Hughson's Business Assistance Program and opened locations in Hughson. Each establishment accessed funding through the City's \$30,000 program to help kick start their business near the historic downtown. Hughson encourages existing and new business owners to contact City Hall to learn more about this exciting program. The City of Hughson offers an array of assistance in the form of business incentives, loans for façade improvements, office space in the Hughson business incubation center (adjacent to City Hall) and supportive services through the Stanislaus Business Alliance and Hughson Small Business Development Center (SBDC).
