### FIREWORKS!! HAVE FUN! USE CAUTION!

It's that time of the year where barbecues and fireworks are commonplace. Although such events are very fun and enjoyable, it is important to note that they too can be dangerous.

**When celebrating, Please do so with Caution & Responsibility!**

### Its HOT Outside! So remember a COOLING CENTER is available if necessary in Hughson.

A cooling center is a temporary air-conditioned public space set up by local authorities to deal with the health effects of a heat wave.

If activated by the Office of Emergency Services, the Hughson's local Cooling Centers are located at **City Hall, the Senior Center, and the Hughson Library.**

For more information please contact City Hall at 209.883.4054

### What's in your Water? Consumer Confidence Report will be available July 1st.

The report contains important information about the quality of drinking water, including details about where your water comes from, data about what is in your water and how water tests on your drinking compares to Federal and State Standards.

To access the CCR, please visit [hughson.org](http://hughson.org) under the Public Works Department.

## Hughson's Water

News, Schedules, Tips, & Rates,

### NEWS:

City Staff will be "flushing" hydrants in the upcoming weeks. This is done to remove sediment from the water pipes to maintain water clarity and quality in the water distribution system. Although it may appear that water is being wasted, this process is part of a routine maintenance program necessary to maintain the integrity of the water system allowing the City to continue to deliver the highest quality water possible to our customers.

The City's water distribution system is a complex network of pipes and storage and storage reservoirs where sediment or deposits may naturally accumulate over time. If not removed, these materials may cause water quality deterioration, taste and odor

### Pilot Water Use Audit

The City will offer a pilot water use audit to residents who are interested in conserving water and saving money. For those who volunteer, Public Works and City Hall staff will review water usage to determine how much water is being used, including any leaks that may be occurring, as well as tips on how to conserve.

Please contact City Hall at 209/883.4054 to sign up or visit City Hall at 7018 Pine Street.

**EFFECTIVE JULY 8, 2015**
