Daniel Schroeder
City Attorney

Construction of the new Dollar General retail store downtown is underway; and the store is expected to be open in January 2016. As part of the project, Dollar General will be installing street and sidewalk improvements, similar to the improvements on and between 3rd St. and Charles St. on Hughson Ave. This project will extend those improvements to 4th St. and will help beautify Downtown.

Italian Nite

Authentic Italian Dinner & Dance
Saturday, November 7th
6:00 pm (Social hour)
7:00 pm (Dinner)

Downtown Hughson Ave \$45.00 per person or \$400 table of 10

November 3rd is election day!

ATTENTION

As you may have seen, Tully Road between Santa Fe Avenue and Whitmore Avenue looks great. While the improvements to completely reconstruct the roadway are substantially complete there is a portion of the project near the intersection at Whitmore Avenue that was left incomplete. Approximately midway through the project, PG&E notified the City that two gas transmission vaults had structural damage and could not withstand the continued weight of vehicle traffic and therefore needed to be replaced. Unfortunately, this effort will take several months to complete, thus the Tully Road reconstruction project will not be complete until the vaults can be relocated by PG&E. The City is working very closely with PG&E on the relocation of the vaults as well as the completion of the Tully Road project. The City will provide further updates as we receive more information. For live updates on this and other matters, we invite you to attend the City Council meetings on the second and fourth Monday of the month at 7:00 pm at City Hall (7018 Pine Street).

Hatch Road/Santa Fe Avenue Channelization/Signalization Projects

Residents and visitors have seen or will see improvements to Hatch Road as well as to the intersection of Hatch Road and Santa Fe Avenue. Stanislaus County has begun construction on the widening of Hatch Road westerly of Santa Fe Avenue. This work is expected to conclude in Spring of 2016. Subsequently, work is expected to commence on the installation of a traffic signal at the intersection later this year or early next year. While some delays and inconveniences are expected through the construction, the City is looking forward to the improved intersection and its improved performance.

Hughson's Water

News, Schedules, Tips & Rates

NEWS

As part of the Governor's Executive Order on water conservation, the State Department of Water Resources (DWR) created a rebate program for the replacement of both turf (lawn) and toilets in the State of California. The State, which dedicated \$24 million to the project, established a goal to replace 10 million square feet of turf and 60,000 old model toilets. The program, which works on a first-come-first-served basis and will be offered as long as funds remain, provides up to \$100 in rebates for the replacement of an older model toilet to a higher-efficiency toilet. Homes built before during or before 1992 automatically qualify for the program. Homes built after 1992 as well as renters may qualify upon meeting certain criteria. For more information, please visit the rebate website at www.saveourwaterrebates.com/toilet-rebates.html.

City Staff continues to "flush" hydrants throughout the City. This is done to remove sediment from the water pipes to maintain water clarity and quality in the water distribution system. Although it may appear that water is being wasted, this process is part of a routine maintenance program necessary to maintain the integrity of the water system allowing the City to continue to deliver the highest quality water possible to our customers.

The City's water distribution system is a complex network of pipes and storage and storage reservoirs where sediment or deposits may naturally accumulate over time. If not removed, these materials may cause water quality deterioration, taste and odor problems or discoloration of water. Water may also stagnate in lesser used parts of the distribution system also resulting in degraded water quality.

EFFECTIVE JULY 8, 2015

City of Hughson Watering Schedule

EVEN Numbered Houses Watering Days Tuesday Saturday	ODD Numbered Houses Watering Days Wednesday Sunday
No watering on Monday, Thursday and Friday WATERING PROHIBITED FROM	
Save Our WATER 	

New Rates Adopted by City Council on July 13, 2015 Following Proposition 218 Notification Process

Residential customers will see the increase from \$25.75 to \$27.22 take effective in August for the fixed rate. The metered rate will increase from \$1.48 per 1,000 gallons to \$1.57 per 1,000 gallons in September. The increase will allow the City to access funding for critical water system improvements to address State mandated water quality issues.

 Don't forget to pay your Utility Bill by the last business day of the month to avoid a 10% penalty.
