FOR IMMEDIATE RELEASE

Hatch Road and Santa Fe Avenue Intersection Closure July 22, 2016 to August 5, 2016

Recently, the Stanislaus County Board of Supervisors approved a contract with George Reed, Inc. to install a traffic signal and widen the intersection of Hatch Road and Santa Fe Avenue. While this is an exciting project for the City of Hughson and Stanislaus County, it will come with its challenges.

The first of which is a full closure of the Hatch Road and Santa Fe Avenue intersection from **Friday, July 22, 2016 until Friday, August 5, 2016**. Construction crews will be working 24-hours a day, six (6) days a week during this time to ensure the impact to travelers is as minimal as possible. However, it is understood that this closure will create an inconvenience.

Stanislaus County staff has coordinated with the City of Hughson, Caltrans and other entities on the following detour plan for through traffic.

Northbound Santa Fe Avenue: Use Whitmore Avenue to Baldwin Road (west), or Geer Road (east)

Southbound Santa Fe Avenue: Use Yosemite Boulevard (State Route-132) to Geer Road

Eastbound Hatch Road: Use Baldwin Road to Whitmore Avenue

Westbound Hatch Road: Use Geer Road to Yosemite Avenue (north) or Whitmore Avenue (south)

Preparation work will begin on July 18, 2016 until July 21, 2016. This will necessitate a one (1) lane closure on Santa Fe Avenue during this time.

A second phase of the signalization and widening project will commence upon Burlington Northern Santa Fe (BNSF) completing the relocation of the railroad crossing arms in the near future.

For more information please feel free to contact Jaylen French, Community Development Director at City Hall, (209) 883-4054 or via email at jfrench@hughson.org. Residents are also invited to attend City Council regular meetings at City Hall (7018 Pine Street, Hughson) on the 2nd and 4th Monday of each month at 7:00pm.
