March 20, 2012
Regular Meeting

CALL TO ORDER:

ROLL CALL: Chair Alan McFadon
Commissioner Julie Ann Strain
Commissioner Kyle Little
Commissioner Jared Costa
Commissioner Karen Minyard

PLEDGE OF ALLEGIANCE:

AMERICANS WITH DISABILITIES ACT/CALIFORNIA BROWN ACT
NOTIFICATION FOR THE CITY OF HUGHSON

This Agenda shall be made available upon request in alternative formats to persons with a disability; as required by the Americans with Disabilities Act of 1990 (42 U.S.C. Section 12132) and the Ralph M. Brown Act (California Government Code Section 54954.2).

Disabled or Special needs Accommodation: In compliance with the Americans with Disabilities Act, persons requesting a disability related modification or accommodation in order to participate in the meeting and/or if you need assistance to attend or participate in a Planning Commission meeting, please contact the City Clerk’s office at (209) 883-4054. Notification at least 48-hours prior to the meeting will assist the City Clerk in assuring that reasonable accommodations are made to provide accessibility to the meeting.

RULES FOR ADDRESSING THE PLANNING COMMISSION

Members of the audience who wish to address the Planning Commission may complete one of the forms located on the table at the entrance of the Council Chambers and submit it to the City Clerk. Completion of the form is voluntary.

PUBLIC COMMENT

Members of the Audience may address the Planning Commission on any item of interest to the public pertaining to the City and may step to the podium, state their name and City of Residence for the record (requirement of Name and City of Residence is optional) and make their presentation. Please limit presentations to five minutes. Since the Planning Commission cannot take action on matters not on the Agenda, unless the action is authorized by Section 54954.2 of the Government Code, items of concern, which are not urgent in nature, can be resolved more expeditiously by completing and submitting to the City Clerk a “Citizen Request Form” which may be obtained from the City Clerk.
1) Review and Approve the following Minutes of the Regularly Scheduled Sessions of the Hughson Planning Commission:
   a) Minutes of the October 18, 2011 Session.
   b) Minutes of the November 15, 2011 Session.
   c) Minutes of the December 20, 2011 Session.
   d) Minutes of the January 18, 2012 Session.
   e) Minutes of the February 15, 2012 Session.

   (Staff Report w/ Agenda) (Motion Needed)

   (Staff Report w/ Agenda) (Motion Needed)

4) Conduct Annual Election Process to fill the positions of Chair and Vice Chair. 
   (Staff Report with Agenda) (Nomination Process and Motions Needed)

**PUBLIC HEARING**

The Public Hearing process includes a staff presentation, a presentation by the applicant and public testimony (in favor, opposed & rebuttal). Following closure of the Public Hearing, the Planning Commission will respond to questions raised during the hearing.

**PUBLIC HEARING TO CONSIDER:**

No Public Hearing was scheduled.

**INFORMATIONAL ITEMS:**

5) An Annual Look at the Housing Affordability Challenges of America’s Working Households. (Report by the Center for Housing Policy) 
   (No Action Needed) (Informational Only)
COMMUNITY DEVELOPMENT DIRECTOR REPORT:

PLANNING COMMISSIONER REPORTS/COMMENTS:

ADJOURNMENT:

The next regularly scheduled meeting of the Planning Commission is April 17, 2012 at 6:00 p.m. at the Hughson City Hall, 7018 Pine Street, Hughson, CA. 95326

**Special Note:**

The City does not transcribe its proceedings. Anyone who desires a verbatim record of this meeting should arrange for attendance by a court reporter or for other acceptable means of recordation. Such arrangement will be at the sole expense of the Individual requesting the recordation. Questions about this Agenda will be directed to City Hall.

CERTIFICATION

I, Dominique Spinale, or his/her designee, do hereby declare under penalty of perjury that the foregoing Agenda was posted on the outdoor bulletin board at the Hughson City Hall, 7018 Pine Street, Hughson, CA, and made available for Public Review, prior to or on this 16th day of March 2012, at or before 6:00 p.m.

Dominique Spinale, Deputy City Clerk
HUGHSON PLANNING COMMISSION

AMERICANS WITH DISABILITIES ACT/CALIFORNIA BROWN ACT
NOTIFICATION FOR THE CITY OF HUGHSON

This Agenda shall be made available upon request in alternative formats to persons with a disability; as required by the Americans with Disabilities Act of 1990 (42 U.S.C. Section 12132) and the Ralph M. Brown Act (California Government Code Section 54954.2).

Disabled or Special needs Accommodation:  In compliance with the Americans with Disabilities Act, persons requesting a disability related modification or accommodation in order to participate in the meeting and/or if you need assistance to attend or participate in a Planning Commission meeting, please contact the City Clerk’s office at (209) 883-4054. Notification at least 48-hours prior to the meeting will assist the City Clerk in assuring that reasonable accommodations are made to provide accessibility to the meeting.

RULES FOR ADDRESSING THE PLANNING COMMISSION

Members of the audience who wish to address the Planning Commission may complete one of the forms located on the table at the entrance of the Council Chambers and submit it to the City Clerk. Completion of the form is voluntary.
PUBLIC COMMENT

Members of the Audience may address the Planning Commission on any item of interest to the public pertaining to the City and may step to the podium, state their name and City of Residence for the record (requirement of Name and City of Residence is optional) and make their presentation. Please limit presentations to five minutes. Since the Planning Commission cannot take action on matters not on the Agenda, unless the action is authorized by Section 54954.2 of the Government Code, items of concern, which are not urgent in nature, can be resolved more expeditiously by completing and submitting to the City Clerk a “Citizen Request Form” which may be obtained from the City Clerk.

CONSIDER THE FOLLOWING:

1) Review and Approval of the Minutes from the September 20, 2011 regularly scheduled Planning Commission Session. (Motion Needed)

Oseguera/Strain 4-0-0-1 (McFadon- absent) motion passes to approve the Minutes of the September 20, 2011 session.

AYES: Little, Vice Chair Oseguera, Henley- Hatfield, and Strain.

NOES: None.

ABSTAIN: None

ABSENT: Chair McFadon

ITEMS TO DISCUSS:

2) A Plan for Tomorrow: Creating Stronger & Healthier Communities.  
(Prepared by the NMHC, the Sierra Club, and the Urban Land Institute) 
(Informational Item Only)

Director Clark presented to the Commission a PowerPoint on creating stronger and healthier communities. He discussed growth, opportunities, green space, mixed uses, density, and many other topics that affect communities.

The Commission discussed the PowerPoint and shared their ideas and thoughts about the items shared in the PowerPoint. No action was taken on this item.
3) Higher Density Development: The Myths and Facts.  
(Powerpoint Prepared by the Urban Land Institute)  (Informational Item Only)

No action was taken on this item. Informational Item Only.

4) Putting Smart Growth to Work in Rural Communities. 
(Prepared by the ICMA)  (Informational Item Only)

No action was taken on this item. Informational Item Only.

5) The Financial and Institutional Challenges to Smart Growth Implementation: 
   A Focus on California’s Central Valley. 
   (Prepared by Shawn Kantor, PhD – University of California, Merced)  
   (Informational Item Only)

   Director Clark briefly discussed this item with the Commission advising 
   that he does not agree with the growth projections, as they are not 
   changing and are not realistic in his viewpoint. They are too high.

6) The Important Difference Between a Road and a Street, by Chuck Marohn. 
   (YouTube Video Presentation)  (Informational Item Only)

   Director Clark played the video presentation to the Commission.

Chuck Marohn, the Executive Director of Strong Towns, explains the 
   difference between a road, which is a connection to two place and a 
   street, which is a network of activity. He stresses the importance of 
   returning roads to towns for community and economic development.

The Commission discussed aspects of the video that they found 
   informative and interesting. They also discussed debt issues that 
   Marohn discussed in relation to growth and then compared it to the 
   City’s own current debt obligations. Director Clark explained to the 
   Commission that growing does not solve debt issues and that it usually 
   makes them worse.

---

**PUBLIC HEARING**

The Public Hearing process includes a staff presentation, a presentation by the applicant and 
public testimony (in favor, opposed & rebuttal). Following closure of the Public Hearing, the 
Planning Commission will respond to questions raised during the hearing.
PUBLIC HEARING TO CONSIDER:

No Public Hearing was scheduled.

CORRESPONDENCE: None Scheduled

COMMUNITY DEVELOPMENT DIRECTOR REPORT:

Director Clark updated the Commission on the Urban Growth Boundaries, which were adopted by the City Council. The remaining cities in the County have not adopted Urban Growth Boundaries yet.

PLANNING COMMISSIONER REPORTS/COMMENTS:

NOTICE OF COMMUNITY EVENTS:

- **October 18** – Town Hall Meeting in English, Emilie J. Ross School Gym - 6:00pm
- **October 31** – Children’s Halloween Parade, 1:45pm
- **November 19-20** – 20th Century Arts & Crafts Fair at the High School -- 9-4:00pm

ADJOURNMENT: This meeting adjourned at 6:52p.m.

Adjourn the PLANNING COMMISSION to the next regularly scheduled meeting of the Planning Commission on **November 15, 2011** at 6:00 p.m. at the Hughson City Hall, 7018 Pine Street, Hughson, CA. 95326

_______________________________
ALAN MCFADON, Chair

_______________________________
DOMINIQUE SPINALE, Deputy City Clerk
CALL TO ORDER:

ROLL CALL:

Present:
Chair Alan McFadon
Vice Chair Miguel Oseguera
Commissioner Jean Henley-Hatfield
Commissioner Julie Ann Strain
Commissioner Kyle Little

Staff Present:
Thom Clark, Community Development Director
Monica Streeter, Deputy City Attorney

PLEDGE OF ALLEGIANCE: Chair Alan McFadon
PUBLIC COMMENT

Members of the Audience may address the Planning Commission on any item of interest to the public pertaining to the City and may step to the podium, state their name and City of Residence for the record (requirement of Name and City of Residence is optional) and make their presentation. Please limit presentations to five minutes. Since the Planning Commission cannot take action on matters not on the Agenda, unless the action is authorized by Section 54954.2 of the Government Code, items of concern, which are not urgent in nature, can be resolved more expeditiously by completing and submitting to the City Clerk a “Citizen Request Form” which may be obtained from the City Clerk.

CONSIDER THE FOLLOWING:

1) Discuss and Direct Staff on Agricultural Preservation and Options for Easements.
   (Clark – Staff Report Included) (Motion Needed)

Director Clark discussed this item with the Commission. He discussed the agricultural preservation efforts underway in the County including the Mayor’s Agricultural Preservation Map and LAFCO’s consideration of requiring a 1:1 ratio of agricultural acreage preserved under permanent easement for every acre annexed into a city.

Hughson was the first City in the County to adopt a map that set the urban growth boundaries until 2050. Director Clark discussed the other cities within the County and their map adoption statuses.

The Commission then discussed the mechanics of an agricultural easement ordinance, and reviewed policies and resolutions from the cities of Riverbank and Stockton.

The Commission discussed different ratios of agricultural acreage options and then directed Staff to continue looking into Agricultural Preservation options for easements with 2:1 ratios, unless continued research leads Staff to other ratios that will suit the needs of the City more effectively. Staff will also look into the establishment of an in-lieu fee for this item as well.

ITEMS OF DISCUSSION:

2) The Transfer of Development Rights Programs.
   (Information Only) (No Action Needed)

Director Clark advised the Commission that he is not making a recommendation on this item, but wanted the Commission to read about it. No action was taken on this item.
3) The San Joaquin Valley Blueprint Roadmap – Guidance Framework
   (Information Only) (No Action Needed)

Director Clark discussed the history of the Blueprint Roadmap. He advised that the City is already where the Blueprint Roadmap wants. The issue is not how to get there; the issue for Hughson will be how it changes what the development community is and what it was.

The Commission discussed this item further, speaking of other areas projects and the planning behind them. No action was taken on this item.

4) An Apple Tree Grows in Suburbia.
   (Article from the Wall Street Journal) (No Action Needed)

The Commission discussed this item and the ideas they liked in the article. No action was taken on this item.

PUBLIC HEARING

The Public Hearing process includes a staff presentation, a presentation by the applicant and public testimony (in favor, opposed & rebuttal). Following closure of the Public Hearing, the Planning Commission will respond to questions raised during the hearing.

PUBLIC HEARING TO CONSIDER:

No Public Hearing was scheduled.

CORRESPONDENCE: None Scheduled

COMMUNITY DEVELOPMENT DIRECTOR REPORT:

Discuss with the Commission their Terms of Office

Director Clark spoke with the Commission on their terms of office. Commissioners Oseguera and Henley-Hatfield both confirmed that they would not be seeking re-appointment. Director Clark advised that he would begin advertising to fill their vacant seats after December 31.
PLANNING COMMISSIONER REPORTS/COMMENTS:

Commissioner Henley-Hatfield advised the Hughson Garden Club would be having their annual Christmas Tree Lighting Ceremony on December 3, followed by the opening of the new Hughson Historical Society Museum.

The Commission discussed the success of the Grand Opening of Bella Viva Orchards.

NOTICE OF COMMUNITY EVENTS:

- **November 19-20** – 20th Century Arts & Crafts Fair at the High School -- 9-4:00pm
- **December 3** – Tree Lighting Ceremony -- Hughson Garden Club – 7th St and Hughson Avenue 5:00pm, followed by the Historical Society's Open House at 6:00pm.
- **December 9** – Ross Middle School– Annual 6th Grade Outdoor Education Dinner Fundraiser, 4:30-8:30pm, Ross Middle School Cafeteria, call Tammy 620-3131

ADJOURNMENT:  This meeting adjourned at 7:02pm.

AMERICANS WITH DISABILITIES ACT/CALIFORNIA BROWN ACT
NOTIFICATION FOR THE CITY OF HUGHSON

This Agenda shall be made available upon request in alternative formats to persons with a disability; as required by the Americans with Disabilities Act of 1990 (42 U.S.C. Section 12132) and the Ralph M. Brown Act (California Government Code Section 54954.2).

Disabled or Special needs Accommodation: In compliance with the Americans with Disabilities Act, persons requesting a disability related modification or accommodation in order to participate in the meeting and/or if you need assistance to attend or participate in a Planning Commission meeting, please contact the City Clerk’s office at (209) 883-4054. Notification at least 48-hours prior to the meeting will assist the City Clerk in assuring that reasonable accommodations are made to provide accessibility to the meeting.

RULES FOR ADDRESSING THE PLANNING COMMISSION

Members of the audience who wish to address the Planning Commission may complete one of the forms located on the table at the entrance of the Council Chambers and submit it to the City Clerk. Completion of the form is voluntary.
1) Discussion on the Hughson Planning Commission for the year 2011.

Director Clark advised the Commission that other agencies in the area have been cancelling their Planning Commission meetings because planning and building is slow. He acknowledged that despite the slow economy the Hughson Planning Commission has been taking the opportunity to learn by reviewing and discussing articles and other forms of information on planning. The Commission has also discussed what other cities are doing in terms of planning and building ideas and models, and have discussed projects other cities are planning. The Commission has reviewed and discussed how the models and ideas they are learning about will benefit the City of Hughson in its future planning.

Commissioner Strain enjoyed the Commission’s review of road diets and design reviews, and commended Director Clark for all of the research and information he has provided the Commission in an effort to educate them in planning.

Chair McFadon enjoyed the items on density and design review, as well as being advised about an opening on the StanCOG Citizens Advisory Committee which he joined and is enjoying.

Commissioner Oseguera enjoyed the road diets, transect codes and other items the Commission has been presented with.

Commissioner Henley-Hatfield enjoyed items on agricultural preservation and the planning commissioners’ workshops she has attended through the League of California Cities.

Commissioner Little agreed with the Commission that he enjoyed all of the educational items that the Commission is being presented with and would like the educational material to continue being distributed to the Commission.
PUBLIC HEARING
The Public Hearing process includes a staff presentation, a presentation by the applicant and public testimony (in favor, opposed & rebuttal). Following closure of the Public Hearing, the Planning Commission will respond to questions raised during the hearing.

PUBLIC HEARING TO CONSIDER: - No Public Hearing was scheduled.

COMMUNITY DEVELOPMENT DIRECTOR REPORT:
Director Clark reminded the Commission that this meeting is the last meeting for Commissioners Oseguera and Henley-Hatfield. He also asked the Commission to put the word out that there are two vacancies on the Commission, as the openings will be open until filled.

PLANNING COMMISSIONER REPORTS/COMMENTS:
Commissioner Strain expressed her excitement on the addition of Bella Viva Orchards to the businesses located on Hughson Avenue.

The Commission discussed other future ideas for the City Hughson.

Commissioner Henley-Hatfield and Oseguera shared with the Commission that it has been a privilege for both of them to work with the other Commissioners.

ADJOURNMENT: This meeting adjourned at 6:17pm.

The PLANNING COMMISSION meeting was reconvened at the home of Commissioner Jean Henley-Hatfield, located at 1919 Mulberry Way, Hughson, CA. 95326.

The next regularly scheduled meeting of the Planning Commission is January 17, 2012 at 6:00 p.m. at the Hughson City Hall, 7018 Pine Street, Hughson, CA. 95326

RULES FOR ADDRESSING THE PLANNING COMMISSION

Members of the audience who wish to address the Planning Commission may complete one of the forms located on the table at the entrance of the Council Chambers and submit it to the City Clerk. Completion of the form is voluntary.
1) Review the Hughson Façade and Downtown Improvements PowerPoint from May 23, 2005. (Information Only)

Director Clark reviewed the Façade and Downtown Improvements PowerPoint with the Commission. He advised that the document would assist in guiding the Planning Commission in their decision for the Design Review for 7001 Hughson Avenue (Item 2 on the Agenda).

The Commission reviewed and discussed this item further. No action was taken.

2) Consider Resolution No. PC 2012-01, approving the Design Review for 7001 Hughson Avenue, Property of David and Matt Rossi. (Staff Report w/ Agenda)(Motion Needed)

Director Clark reviewed the Staff Report on the item with the Commission. He discussed Section 17.04.020 of the Hughson Municipal Code (HMC) and advised what findings can be made in order to approve the Design Review of 7001 Hughson Avenue.

Staff recommended that the Planning Commission approve the Design Review. The application met all requirements of the Municipal Code and would be a definite improvement to the existing building.

Staff advised that they requested that Mr. Rossi add the façade improvement on the Charles Street side of the building to blend the building in better with the rest of the downtown.

Chair McFadon/Strain 3-0-0-0 motion passes to adopt Resolution No. PC 2012-01, approving the Design Review for 7001 Hughson Avenue, Property of David and Matt Rossi.
PUBLIC HEARING
The Public Hearing process includes a staff presentation, a presentation by the applicant and public testimony (in favor, opposed & rebuttal). Following closure of the Public Hearing, the Planning Commission will respond to questions raised during the hearing.

PUBLIC HEARING TO CONSIDER:  - No Public Hearing was scheduled.

COMMUNITY DEVELOPMENT DIRECTOR REPORT:

3) Farmland Working Group Rural Land Map of Stanislaus County.

The Commission discussed this item briefly. No action was taken.

4) Discuss the 2012 Planning Commissioners Workshop scheduled for January 28.

The Commission discussed this item. No action was taken.

PLANNING COMMISSIONER REPORTS/COMMENTS:

Deputy City Attorney Streeter updated the Commission that the Ralph M. Brown Act was revised effective January 1, 2012. She provided an updated and revised pamphlet on the Brown Act for each of the Commissioners reference.

ADJOURNMENT:  The meeting adjourned at 6:45pm.

The next regularly scheduled meeting of the Planning Commission is February 21, 2012 at 6:00 p.m. at the Hughson City Hall, 7018 Pine Street, Hughson, CA. 95326

AMERICANS WITH DISABILITIES ACT/ CALIFORNIA BROWN ACT NOTIFICATION FOR THE CITY OF HUGHSON

This Agenda shall be made available upon request in alternative formats to persons with a disability; as required by the Americans with Disabilities Act of 1990 (42 U.S.C. Section 12132) and the Ralph M. Brown Act (California Government Code Section 54954.2).

Disabled or Special needs Accommodation: In compliance with the Americans with Disabilities Act, persons requesting a disability related modification or accommodation in order to participate in the meeting and/or if you need assistance to attend or participate in a Planning Commission meeting, please contact the City Clerk’s office at (209) 883-4054. Notification at least 48-hours prior to the meeting will assist the City Clerk in assuring that reasonable accommodations are made to provide accessibility to the meeting.

RULES FOR ADDRESSING THE PLANNING COMMISSION

Members of the audience who wish to address the Planning Commission may complete one of the forms located on the table at the entrance of the Council Chambers and submit it to the City Clerk. Completion of the form is voluntary.
Deputy City Attorney Streeter provided the following recommendation to Director Clark:

In the absence of Chair McFadon and the current vacancy of the Vice Chair position, the Commission must make a motion authorizing Commissioner Strain to Chair the meeting.

Little/Minyard 4-0-0-1 (McFadon-absent) motion passes to authorize Commissioner Strain to Chair the meeting.

Director Clark introduces newly appointed Commissioners Costa and Minyard to the Commission.

1) Review and Discuss the Governor's Office of Planning and Research (OPR) Paper Titled LAFCOs, General Plans and City Annexation.  
   (Information Only)(No Action Required)

Director Clark advised he wanted the Commission to look at annexations and farmland. He discussed Environmental Impact Reports and CEQA law. He also reviewed the costs of services section to educate the Commission on what to expect if an annexation were to be presented to the Commission in the future.

Director Clark presented a PowerPoint to the Commission on Financial Sustainability related to the costs of annexation. The Commission discussed the information on the PowerPoint.

No action was taken on this item.

2) Review and Discuss article entitled Cities Vehicle License Fee Revenues from CaliforniaCityFinance.com.  
   (Information Only)(No Action Required)
Director Clark advised the Commission that this article explained how the “triple flip” worked with Vehicle License Fee Revenues.

No action was taken on this item.

3) Review and Discuss article entitled Study: dense downtowns = higher tax yield, by John Stroud.  
   (Information Only)(No Action Required)

Director Clark reviewed this study with the Commission and explained how dense downtowns make higher tax yields. The Commission discussed this item as it relates to the City.

No action was taken on this item.

4) Review and Discuss the Annual Annexation Summary.  
   (Information Only)(No Action Required)

Director Clark reviewed this item with the Commission. It summarized the City’s status in annexations since 2001, as well as the other cities in Stanislaus County.

No action was taken on this item.

5) Review and Discuss the Memorandum from the Governor’s Office of Planning and Research entitled New California Environmental Quality and General Plan Requirements.  
   (Information Only)(No Action Required)

Director Clark wanted the Commission to see how government operates and how government is trying to make things easier to work around transit. He also included bills on greenhouse gas emissions and any other bills related to land use.

No action was taken on this item.

COMMUNITY DEVELOPMENT DIRECTOR REPORT:

PLANNING COMMISSIONER REPORTS/COMMENTS:

ADJOURNMENT: This meeting adjourned at 6:20pm.

The next regularly scheduled meeting of the Planning Commission is March 20, 2012 at 6:00 p.m. at the Hughson City Hall, 7018 Pine Street, Hughson, CA. 95326

JULIE ANN STRAIN, Acting Chair

DOMINIQUE SPINALE, Deputy City Clerk
CITY OF HUGHSON
Executive Summary
Planning Commission

Presented By: Thom Clark, Community Development Director
Meeting Date: March 20, 2012
Agenda Item: 2
Subject: Consideration of Resolution No. PC 2012-02, A Resolution of the Planning Commission of the City of Hughson Approving Design Review for Plan 14 for Kiper Development in Fontana Ranch Estates
Enclosures: Yes
Desired Action: Adopt Resolution No. PC 2012-02, A Resolution of the Planning Commission of the City of Hughson Approving Design Review for Plan 14 for Kiper Development in Fontana Ranch Estates

Background:

Kiper Development wishes to add another plan to their subdivision. The attached Plan 14 is a 2,601 square foot single story 3-bedroom plan with options for 4 or 5 bedrooms as well as options for the garage to have a two car front with tandem parking in the rear and a three car front also with the tandem parking option.

Discussion:

The City of Hughson has adopted Design Expectations which are oriented heavily toward residential subdivision design. There are some expectations which address home design and they are attached here for the use of the Planning Commission to review the new Plan 14. It is important to remember that these are guidelines and not hard and fast rules. The applicable sections are:

I. Design Expectation: Provide a variation in building setbacks and massing along residential streets.

Principle:

9. Wherever possible the natural terrain, drainage and vegetation of the area should be preserved.
12. Establish irregular building placement by utilizing varying setback dimensions from frontage streets.

Rationale:

Variation in building placement and orientation on lots within a subdivision adds visual interest, distinctive character, and identity to a community, contributing not only to the long-term value of a home, but the neighborhood as well.

Design Applications:

- Fully utilize the opportunities presented by the number of plans and elections to vary plot placements in order to incorporate varied front building setbacks along each streetscape.
- Design diversity that breaks from repetitive tract house style by providing front elevation variation throughout the neighborhood plan.
- Manipulate building massing and elements to allow for visual interest and bulk/height variety along the streetscape.
- Building placement and orientation acknowledging the natural terrain, drainage and vegetation where appropriate.

Avoid:

- Homogenous setback and building placement.
- Excessive repetition of identical floor plans and elevations throughout a neighborhood or subdivision with little differentiation.

J. Design Expectation: Provide a variety of building types within a residential neighborhood.

Principle:

4. Establish housing diversity sufficient to provide citizens from a wide range of economic levels and age groups an opportunity to live within the proposal boundaries.
15. Provide varying architectural amenities, such as alternating roof designs, elevations, materials and textures, wall relief and varying garage placements.

Rationale:

Variation in building type and style lends to visual interest, distinctive character and identity, enhancing the long term value of a neighborhood and community.
Design Applications:

• Combinations of both one and two story units are encouraged throughout each residential neighborhood.
• All two-story dwellings have upper story of no larger than 75% of lower story footprint.
• For each housing development of less than 100 units, applicant shall offer a minimum of seven (7) separate floor plans each with four (4) alternate elevations, of which three (3) must be single story and at least two (2) must be plans for 2000 square feet or less. The number of lots that can accommodate each of the seven (7) plans shall be approximately equal.
• For neighborhoods larger than 100 units, applicant shall offer a minimum of ten (10) separate floor plans, each with six (6) alternate elevations, of which four (4) must be single story and at least three (3) must be plans for 2000 square feet or less. The number of lots that can accommodate each of the ten (10) plans shall be approximately equal.
• A variety of house sizes provided throughout each separate development in an effort to allow for diversity in the economic makeup and price range within each neighborhood.
• A maximum of 20% of all dwellings in any project are allowed to be built to maximum footprint. Maximum footprint is defined as the remaining buildable area after subtraction of required setbacks.

Avoid:

♦ A limited range of housing unit size which limits the economic value and market diversity of a residential neighborhood.

K. Design Expectation: Minimize the impact of the garage as viewed from the public realm to create a visual relationship between the front entrance of each home and the street.

Principle:

15. Provide varying architectural amenities, such as alternating roof designs, elevations, materials and textures, wall relief and varying garage placements.

Rationale:

By reducing the prominence of the garage and off-street parking areas, the community achieves an enhancement to the visual appeal of the neighborhood, a greater perception of eyes on the street, and an increase in neighborhood interaction.
Design Applications:

- Garages are not to be the prominent feature on the front exterior elevation of any residence. Creative efforts will be expected to lessen the garage as a prominent feature including, but not limited to, the following design expectations:
  - Front loaded garage building elements recessed a minimum of 5’ behind the front house elevation.
  - Side turn-in garage may protrude in front of front house elevation.
  - Provide a second story above the garage with features such as protruding balconies or strong architectural elements to draw attention away from garage doors.
  - Detach garage to rear of property – may tie to residence with trellis, breezeway, etc.
  - Use of courtyard garage design.
  - Use of porte-cocheres to create pass-through to side garage and extra parking space.
  - On corner lots, encourage garages to be accessed from side other than front of house when possible.
  - Front loaded garages wider than two cars in width are only permitted when placed on lots wider than 75’.
  - Three car garages may be permitted on lots smaller than 75’ when the third car space is situated in a tandem parking alignment.
  - Front-loaded garage elements are not to exceed more than fifty percent (50%) of the overall.
  - All garages maintain a setback (driveway length) of at least 20-feet from property line of loading street. Alley setbacks (if the garage is an accessory building as defined in the Hughson Municipal Code) may be 3 feet.
  - Driveways will be located on the side of the lot farthest from the intersection if the lot is a corner lot.

- There shall be illuminated address numerals posted on the building so as to be plainly visible from all adjoining streets or driveways during both daylight and night time hours.

- Place active living areas at the front of the structure with windows onto the street limiting garage projection.

Avoid:

- Prominent placement of garage door with respect to front door, entryway or porch. This reduces the perception of eyes on the street and lessens interaction with neighbors.

- Avoid the long uninterrupted wall created by the extension of the garage protruding out from the livable portions of the house.
L. **Design Expectation**: Creative driveway and entry walk design, with the use of quality materials, are scaled to the pedestrian, enhancing overall neighborhood appeal.

**Principle:**

15. Provide varying architectural amenities, such as alternating roof designs, elevations, materials and textures, wall relief and varying garage placements.

**Rationale:**

Enhancing the pedestrian scale of driveways and entry walks through thoughtful placement and paving design allows for greater landscape areas that contribute to neighborhood livability.

**Design Applications:**

- Separate pedestrian access to the front door from the driveway.
- “Hollywood” driveways may be used when providing access to garages or off-street parking areas in the rear half of the lot.
- When any driveway is wider than 20 feet, optional construction shall be offered with visually contrasting paving surfaces such as salt finish bomanite, stamped/colored concrete or paver stones.
- Driveway access to “third” garages and/or R.V. parking areas should be offered with alternative paving materials (i.e. Hollywood driveways, pavers, decorative concrete, etc.).

**Avoid:**

- Excessively wide paved driveways that result in smaller yard area, increase heat in the summer, and increase storm water runoff.
- Encroachment of the driveway into the front yard area (i.e. between the street and the front window and/or entryway).

M. **Design Expectation**: A clear sense of entry and design interest is provided through the inclusion of porches, verandas, porte cocheres (def: an entrance or passageway leading through a wall into an inner courtyard) and other architectural elements that contribute to a sense of place and activity.

**Principle:**

15. Provide varying architectural amenities, such as alternating roof designs, elevations, materials and textures, wall relief and varying garage placements.
Rationale:

The placement, orientation and design of porches and front entry elements to homes along a street provides for “eyes on the street” and increases neighborhood activity, thereby contributing to a sense of neighborhood place and enhancing the resident’s safety and activity.

Design Applications:

- Each house should have a clearly identified entry and have active use windows (i.e., living room, kitchen, family room) facing the street.
- The main entry feature should be prominently displayed on the elevation facing the street.
- Porches of sufficient overall size and scale to balance the appearance of the front façade and provide weather protection and shade.
- Front porches large enough (minimum of 6 feet in depth) to accommodate chairs to provide an opportunity for increased interaction among neighbors.
- Corner lot houses include wrap around porches on both street sides to establish a strong “street relationship” where possible.
- At a minimum, the front door should have the same prominence as the garage door.
- Use of courtyards that offer additional semi-enclosed private front yard exterior living area where possible.

Avoid:

- Providing a garage door that protrudes forward from the front face of the house. This tends to reduce visibility of the street by the residents.
- Locating the porch or entryway in a location obstructed by the garage or side of the house.
- Locating entryways and windows that are small and oriented to the interior or side of the site.

N. Design Expectation: Variation in residences, structures and buildings is achieved through the use of quality materials and detail of design, which lends visual interest, distinctive character and identity to a community.

Principle:

15. Provide varying architectural amenities, such as alternating roof designs, elevations, materials and textures, wall relief and varying garage placements.
Rationale:

Quality in detail and design contributes not only to the long-term value of a home, but the neighborhood as well.

Design Applications:

- Roof form, mass, shape, material, and color changes to create variations in plans.
- Consistent levels of detailing/finish on all sides of structures such as recessed, pop out, or trim features.
- A minimum of 15 color schemes for exterior surface and five (5) color options for trim are offered to buyer for subdivisions of 100 or more houses, and a proportional number for subdivisions under 100 houses, but never less than eight (8) color schemes and three (3) options for trim. Maximum efforts should be made by applicant to implement variety of color schemes along streetscape.
- Window shape, placement and detailing that breaks long expanse of exterior walls (i.e., shutters, window boxes, moldings, multi-panes, and decorative window heads).
- Residential heating/air conditioning units located to have the minimum visual impact and noise impact on adjacent residential neighbors. Roof-mounted screen and vents shall be compatible with roof materials and colors.
- All trash and storage areas, mechanical equipment, and all other building appurtenances (i.e. utility meters, electrical boxes, air conditioners, fire sprinkler backflow valves, etc.) shall be screened from public view and adjacent properties. Details of the proposed screening shall be shown on the final construction and/or landscape plans. Roof-mounted screens and vents shall be compatible with final roof materials and colors.
- Garage door recessed a minimum of 1 foot behind leading wall of garage (encouraged to have window elements and wall accent/base elements).
- The use of dormers, triangular knees, and exposed beams and rafter tails on exterior eaves to provide design accents.
- The application of architectural embellishments to chimneys, porte-cocheres, porches and entryways to provide visual interest (i.e., stone work, trellises, extra stickwork, support bases and walls, railings, caps, etc.)
- Solar panels, if used or offered, should be integral with the roof.
- Roof chimneys and vents minimized with size, composition and color to harmonize with the surrounding materials.
Avoid:

♦ The use of low quality/grade exterior materials that do not wear well and do not contribute to a sense of permanence.
♦ The use of flat or mansard roofs including roofing materials that lack variation.
♦ Concentration of architectural embellishments on the front façade only leading to a neglect of other facades.
♦ Exterior material, texture or color changes along vertical corners of front and sides/rear of the structure.
♦ Roof-mounted heating and air conditioning equipment.
♦ Flat and featureless garage doors and elevations.
♦ In general, the following exterior building or roofing materials are discouraged:
  • Sheet metal siding or roofing
  • Painted concrete
  • Mirrored glass
  • Barrel or glazed tile
  • Plywood siding
  • Noticeably multicolored masonry
  • Brightly colored masonry
  • Clear or gold anodized aluminum
  • Composition roll roofing
  • Built-up roofing on pitched roofs

Recommendation:

Staff believes this plan fits well in the neighborhood and compliments existing home plans and therefore recommends approval of Resolution No. PC 2012-02, A Resolution of the Planning Commission of the City of Hughson Approving Design Review for Plan 14 for Kiper Development in Fontana Ranch Estates.

_________________________
THOM CLARK, Secretary
Background:

Pursuant to Government Code Section 65400, the Planning Commission must provide an annual report by April 1 of each year to the City Council, the Office of Planning and Research, and the Department of Housing and Community Development on the progress made toward implementing the General Plan goals and policies during the prior year’s reporting period.

Discussion:

Enclosed with this Executive Summary is the aforementioned report for your review and approval.

Recommendation:

Staff recommends the adoption of Resolution No. PC 2012-03, A Resolution of the Hughson Planning Commission Adopting the 2011 Annual General Plan Progress Report as well as the Annual Progress Report on Implementation of the Housing Element.
ANNUAL PROGRESS REPORT ON THE
CITY OF HUGHSON GENERAL PLAN – 2011

INTRODUCTION

The City of Hughson’s Planning Commission is required by Government Code Section 65400 to present an annual report to its legislative body (City Council), the Office of Planning and Research (OPR), and the Department of Housing and Community Development (H&CD) by April 1 of each year.

The purpose for the Annual Progress Report is to assess how the General Plan is being implemented in accordance with adopted goals, policies and implementation measures; identify any necessary adjustments or modifications to the General Plan as a means to improve local implementation; provide a clear correlation between land use decisions that have been made during the 12-month reporting period and the goals, policies and implementation measures contained in the General Plan; and to provide information regarding local agency progress in meeting its share of regional housing needs.

The Annual Report must include all of the following: a) the status of the plan and progress in its implementation, b.) the progress in meeting its share of the regional housing needs and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing, the degree to which its approved general plan complies with the guidelines developed and adopted pursuant to Section 65040.2 as well as, (c) the date of the last revision to the general plan.

Additionally, the Planning Commission must investigate and make recommendations to the City Council regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as on effective guide for the orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.
GENERAL PLAN

Hughson’s General Plan was adopted on December 12, 2005. The General Plan contains the seven State-required elements, which are land use, circulation, housing, conservation, open space, noise and safety. The Housing Element was adopted separately in 2004. The State allows the combining of elements or the addition of new elements as long as the required seven elements are present in some fashion. Hughson’s General Plan combines the required conservation and open space elements and adds a public services and facilities element. The Hughson General Plan therefore contains the following elements:

Local governments are required to keep their General Plans current and internally consistent. There is no specific requirement that a local government update its General Plan on a particular timeline, with the exception of the Housing Element, which is required to be updated every five years. Hughson’s Housing Element was updated and certified by the State Housing and Community Development Department in 2009.

The following represents the progress the City has made toward implementing the goals and guiding policies of the General Plan during the reporting period. The list is organized to correspond with the elements of the Hughson General Plan.

1. **LAND USE**

   **Amendments**

   There were no amendments to the Land Use Element in 2011.

   **Progress**

   A. On March 28, 2011 the City Council adopted Resolution No. 2011-26, approving the Manley Parcel Map which divided a 4.08 acre parcel into two parcels consisting of 3.12 and .96 acres.

   B. On July 25, 2011 the City Council adopted Resolution No. 2011-15, approving an application for HOME funding for a proposed 49 unit multifamily affordable housing complex.
C. On May 9, 2011 the City Council adopted Resolution No. 2011-36, approving a four year extension for the Starn Industrial Park vesting tentative subdivision map.

D. On September 12, 2011 the City Council held the first reading of Ordinance No. 2011-05 amending the Hughson Zoning Ordinance to reduce front yard setbacks and parking requirements in the Downtown Commercial Zone.

E. On October 10, 2011 the City Council adopted Resolution No. 2011-72, adopting the City’s General Plan Sphere of Influence as the 2050 Agricultural Preservation Plan.

2. CIRCULATION

Amendments

There were no amendments to the Circulation Element in 2011.

Progress

A. On January 10, 2011, the City Council adopted Resolution No. 2011-01, accepting the Locust Street Sidewalk Infill Project and authorizing staff to file a Notice of Completion with the County Recorder’s Office.

3. CONSERVATION AND OPEN SPACE

Amendments

There were no amendments to the Conservation and Open Space Element in 2011.

Progress

A. On February 14, 2011 the City Council adopted Resolution No. 2011-09 accepting the Starn Park Playground Retrofit Project and authorizing staff to file a Notice of Completion with the County Recorder’s Office.

B. On February 28, 2011 the City Council adopted Resolution No. 2011-17, approving a lease agreement with the Hughson Unified School District for the 7 acre parcel know as LeBright Fields. The term of the lease was for three years and it supplanted a series of one-year
leases for the property, which provides five baseball/softball fields for the non-profit Hughson Youth Baseball Association, as well as the general public.

C. On March 14, 2011 the City Council adopted Resolution No. 2011-20, accepting the Fontana Park Development Project Phase II and authorizing staff to file a Notice of Completion with the County Recorder’s Office.

C. The City Council on September 12, 2011, accepted a Greenhouse Gas Emissions Inventory Report covering all city-owned properties. This was done pursuant to the requirements of AB 32 and SB 97. The report was produced in cooperation with the Great Valley Center.

4. PUBLIC SERVICES AND FACILITIES

Amendments

There were no amendments to the Public Services and Facilities Element in 2010.

Progress

A. On August 8, 2011 the City Council adopted Resolution No. 2011-64 approving the Memorandum of Understanding among the cities of Modesto, Turlock, Ceres, and Hughson for Integrated Regional Water Management Planning.

B. Also on August 8, 2011 the City Council adopted Resolution No. 2011-63, approving a contract with Synagro to beneficially reuse Class B Biosolids from the wastewater treatment plant.

C. On October 10, 2011 the City Council adopted Resolution No. 2011-73 accepting Well No. 8 improvements and authorizing staff to file a Notice of Completion.

5. SAFETY

Amendments

There were no amendments to the Safety Element in 2010.

Progress
There is nothing to report regarding progress on the Safety Element in 2010.

6. **NOISE**

**Amendments**

There were no amendments to the Noise Element in 2011.

**Progress**

There is nothing to report regarding progress on the Noise Element in 2011.

7. **HOUSING**

**Amendments**

There were no amendments to the Housing Element in 2011.

**Progress**

A. Pursuant to State law, the Stanislaus County Council of Governments is responsible for the development of the Regional Housing Needs Allocation (RHNA) throughout Stanislaus County. Hughson’s RHNA for the years 2007 through 2015 is projected to be 282 housing units. Building permits issued for homes in the period from January 2007 and through January 2011 number 97. It is unlikely the city will see the construction of an additional 185 housing in the next four years.

### Table C
**Program Implementation Status**

<table>
<thead>
<tr>
<th>Name of Program</th>
<th>Objective</th>
<th>Timeframe</th>
<th>Status of Program Implementation</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Program 1-1-1</strong></td>
<td>The City staff will increase its coordination with California Department of Housing and Community Development (HCD) staff to apply for the funding that is made available through Proposition 1C. For example, in partnership with an interested non-profit developer, apply to the MHP program for the development of low-income housing. Finally, as affordable units are developed, apply for the Workforce Housing Rewards Program.</td>
<td>Apply for funding as it becomes available</td>
<td>Staff continues to search for interested developers to build and maintain affordable housing. In recent years, there has been interest from developers but because of land costs and the lack of sewer capacity, the projects were unable to be affordable. We have just completed an expansion and upgrade of our wastewater plant so that will no longer be a barrier. We partnered with a developer for a 49 unit farm labor project but our HOME application was unsuccessful.</td>
</tr>
<tr>
<td><strong>Program 1-1-2</strong></td>
<td>The City of Hughson will complete applications for grants, such as CDBG funds, HOME funds, and other federal and state funds.</td>
<td>Annually, subject to the application cycle</td>
<td>Over the past 6 years the City was successful in obtaining two separate three year grants through the HOME program. These funds are used for the First-Time Homebuyer and Owner-Occupied Rehabilitation Programs as a revolving loan program.</td>
</tr>
<tr>
<td><strong>Program 1-2-1</strong></td>
<td>The Redevelopment Agency will set aside 20 percent of the gross tax increment revenues received from the Redevelopment Area into a low-to-moderate income housing fund for affordable housing activities. These funds will be designated for low-to moderate income housing rehabilitation programs including financing, infrastructure improvements, land acquisitions, and construction.</td>
<td>Sunsetting.</td>
<td>Redevelopment Agencies have been demolished by the State of California. We don't know if current legislation will allow us to continue to keep the low to mod housing funds for future programs.</td>
</tr>
<tr>
<td><strong>Program 1-3-1</strong></td>
<td>Provide technical assistance to developers, nonprofit organizations, or other qualified private sector interests in the application and development of projects for federal and state financing.</td>
<td>Ongoing as projects are submitted to planning and building department</td>
<td>In 2011, the City worked with a developer proposing a 49 unit apartment complex on a joint application for a HOME grant but it was not funded. The City continues to work on ways to attract affordable housing developers.</td>
</tr>
<tr>
<td><strong>Program 1-4-1</strong></td>
<td>Continue to use HOME funds to assist at least 20 households with the first time homebuyer down payment.</td>
<td>Ongoing, as NOFAs are released</td>
<td>The City does not currently have an open HOME grant to provide down payment assistance. Budget cuts have taken our housing analyst.</td>
</tr>

<td>Objective</td>
<td>Timeframe</td>
<td>Status of Program Implementation</td>
</tr>
<tr>
<td>----------------</td>
<td>-----------</td>
<td>-----------</td>
<td>----------------------------------</td>
</tr>
<tr>
<td>Program 1-5-1</td>
<td>The City of Hughson currently has an inclusionary requirement in the Redevelopment Project area which covers a large portion of the City. During this planning period (2009-2014) the City will continue to explore the feasibility of an inclusionary zoning program city-wide.</td>
<td>Explore inclusionary housing options by 2012</td>
<td>City staff continues to evaluate developing an inclusionary zoning program city-wide. The Redevelopment Project Area has disappeared with the State’s dismantling of RDAs.</td>
</tr>
<tr>
<td>Program 1-6-1</td>
<td>The City will continue to research and seek out developers to build affordable multifamily housing in Hughson through the Low Income Housing Tax Credit (LIHTC) program</td>
<td>Annually</td>
<td>The City understands the LIHTC program and is continuing to research and locate low-income housing projects and plan for these programs. Program 1-2-1 discusses how the City worked with a developer on an affordable multifamily project.</td>
</tr>
<tr>
<td>Program 1-7-1</td>
<td>Offer deferrals or reductions in zone change fees for affordable multifamily projects, in order to have sufficient low cost land available to meet the City’s low-and very low-income Regional Housing Needs Allocation</td>
<td>Immediately</td>
<td>The City will evaluate deferring or reducing zone change fees for affordable multifamily projects.</td>
</tr>
<tr>
<td>Program 1-7-2</td>
<td>Transitional and supportive housing provides temporary housing, often with supportive services to formerly homeless persons for a period that is typically between six months and two years. The supportive services, such as job training rehabilitation, and counseling, help individuals gain life skills necessary for independent living. Currently, the City permits transitional housing by right in the High Density Residential (R-3) zoning district, and in the General Commercial (C-2) zoning district subject to a conditional use permit. Pursuant to Senate Bill 2, the City must explicitly allow both supportive and transitional housing types in all residential zones. The City currently defines transitional housing in the Zoning code, but will update it Zoning Code to include the definition of supportive housing as defined in the Health and Safety Code Sections 50675.2 and 50675.14. Both transitional and supportive housing types will be allowed as a permitted use subject to only the same restrictions on residential uses contained in the same type of structure.</td>
<td>Immediately</td>
<td>Due to staff shortages, the update to Hughson’s Zoning Ordinance to address Program 1-7-2 has not been completed. Program 1-7-2 ensures the City of Hughson will be compliant with SB 2 and Health and Safety Code Sections 50675.2 and 50675.14. There are currently 14 full-time staff in the City.</td>
</tr>
<tr>
<td>Program 1-7-3</td>
<td>Assembly Bill 2634 requires the quantification and analysis of existing and projected housing needs to extremely low-income households and requires Housing Elements to identify zoning to encourage and facilitate supportive</td>
<td>Immediately</td>
<td>Due to staff shortages, the update to Hughson’s Zoning Ordinance to address Program 1-7-3 has not been completed. Program 1-7-3 ensures the City of Hughson will be compliant with AB 2634.</td>
</tr>

Name of Program | Objective | Timeframe | Status of Program Implementation
--- | --- | --- | ---
Program 1-7-4 | The City will continue to provide a comprehensive listing of the current housing developments in the City which have units reserved for low-income, senior, and disabled households. | Updated annually | The list is available on request. Currently housing available within the city limits is run by the Stanislaus County Housing Authority. The need for a list of housing developments is ongoing and will be continued.

Program 1-7-5 | State Law requires group residential facilities of six or fewer persons to be permitted in all residential zones. Currently Residential Care Homes with 6 or fewer persons are permitted with a conditional use permit. The City will revise the current regulations to meet state law requirements. The City will amend the Zoning Code to allow for Residential Care Homes by right in all residential zones and will allow larger group homes of 7 or more persons in the residential zones with a conditional use permit. Additionally, to further comply with SB 520, the City will amend the Zoning Code to define the definition of family as “One or more persons living together in a dwelling unit”. | Immediately | Due to staff shortages, the update to Hughson’s Zoning Ordinance to address Program 1-7-5 has not been addressed. Program 1-7-5 ensures the City of Hughson will be compliant with SB 520.

Program 1-7-6 | Farmworker housing is defined in Sections 17021.5 and 17021.6 of the Health and Safety Code as any employee housing consisting of no more than 36 beds in a group quarters, or 12 units or spaces designed for use by a single family or household shall be deemed an agricultural land use designation. For the purpose of all local ordinances, employee housing shall not be deemed a use that implies that the employee housing is an activity that differs in any | Immediately | Due to staff shortages, no progress has been made on this program. The City will continue its efforts to implement this program.

<tr>
<td>Program 1-8-1</td>
<td>Identify specific incentives, zoning actions, and reporting procedures that can be implemented to encourage and monitor the development of affordable and special needs housing opportunities. Identify the demographics and specific needs of the City's population. Determine the City's role for ensuring the construction of affordable housing projects and financing to developers.</td>
<td>Immediately</td>
<td>Due to staff shortages, no progress has been made on this program. The City will continue its efforts to implement this program.</td>
</tr>
<tr>
<td>Program 1-8-2</td>
<td>Continue to permit persons with disabilities of any age to locate in senior citizens independent living facilities that are funded with federal funds according to federal law.</td>
<td>As these types of facilities become available.</td>
<td>No senior independent living facilities that are federally funded are currently available in the City of Hughson. The City will continue to permit persons of any age to locate in senior citizen independent living facilities that are funded with federal funds according to federal law.</td>
</tr>
<tr>
<td>Program 1-8-3</td>
<td>Develop and formalize a general process that a person with disabilities will need to go through in order to make a reasonable accommodation request in order to accommodate the needs of persons with disabilities and streamline the permit review process. The City will provide information to individuals with disabilities regarding reasonable accommodation policies, practices, and procedures based on the guidelines from the California Housing and Community Development Department (HCD). This information will be available through postings and pamphlets at the City and on the City’s website.</td>
<td>Immediately</td>
<td>Due to staff shortages, no progress has been made on this program. At this time, all persons applying for permits are treated equally with regard to the application process. The City will continue to have information available to those who need it.</td>
</tr>
<tr>
<td>Program 1-8-1</td>
<td>Identify specific incentives, zoning actions, and reporting procedures that can be implemented to encourage and monitor the development of affordable and special needs housing opportunities. Identify the demographics and other way from an agricultural use. No conditional use permit, zoning variance, or other zoning clearance shall be required of this employee housing that is not required of any other agricultural activity in the same zone. The permitted occupancy in employee housing in an agricultural zone shall include agricultural employees who do not work on the property where the employee housing is located. To comply with Sections 17021.5 and 17021.6 of the Health and Safety Code the City will amend the Zoning Code to allow for farmworker housing in the R-1 zone by right.</td>
<td>Immediately</td>
<td>Due to staff shortages, no progress has been made on this program. This is a continuing need and it is appropriate for the City to continue its efforts.</td>

THOM CLARK, Secretary

03/20/2012
Presented By: Thom Clark, Community Development Director
Meeting Date: March 20, 2012
Agenda Item: 4
Subject: Annual Election of Officers
Desired Action: Elect a Chairperson and a Vice Chair

Background:

The Hughson City Council has recently appointed Commissioner Karen Minyard and Commissioner Jared Costa to the Planning Commission for two year terms. The City Council has also re-appointed Commissioner Julie Strain to another two year term.

Discussion:

Immediately following Commission appointments each year, it is appropriate to consider the election of the Commission Chair and Vice Chair.

Recommendation:

Elect a Chairperson and a Vice Chair.
An Annual Look at the Housing Affordability Challenges of America’s Working Households

Nearly one in four working households spends more than half of its income on housing costs. Moreover, despite falling home values, housing affordability worsened significantly for working owners and renters between 2008 and 2010. As shown in Figure 1, incomes declined even as rents increased over the two-year period,1 making housing substantially less affordable for working renters. For working owners, a modest decline in housing prices was outpaced by a larger decline in incomes, leading to higher cost burdens in 2010.

National Findings

The overall share of working households with a severe housing cost burden2 increased significantly between 2008 and 2010, rising from 21.8 percent to 23.6 percent (Table 1).3

The increase was also significant over the one-year period from 2009 to 2010. As shown in Figure 2, the increase in the share of working households paying more than half of their income for housing was driven largely by eroding affordability for working renters, of which 25.6 percent are now severely burdened by their housing costs (up significantly from 22.8 percent in 2008). This trend can be attributed to increasing

| TABLE 1. Working Households and Severe Housing Cost Burden (in millions) |
|-----------------------------|-------|-------|---------------------|
|                             | 2010  | 2009  | 2008                |
| Working Households          | 45.1  | 46.2  | 47.3                |
| With a Severe Cost Burden   | 10.6  | 10.5  | 10.3                |
| Percentage with a Severe Cost Burden | 23.6% | 22.8% | 21.3% |

The author thanks Keith Wardrip for his analysis of the American Community Survey microdata files on which this report is based.

This report focuses on housing affordability for working households. For the purposes of this report, working households are those that worked at least 20 hours per week, on average, and had a household income of no more than 120 percent of the median income in their area.

There were approximately 45.1 million working households in the United States in 2010, almost evenly split between homeowners (22.6 million) and renters (22.5 million).

In 2010, approximately one-third of all owner-occupied households met the working household definition; this group typically earned between 50 percent and 120 percent of the area median income (AMI). Nationally, the median income for working household owners in 2010 was a little higher than $41,000 — or about 80 percent of the median income for all U.S. homeowners. Due to their lower incomes, working household owners faced greater affordability challenges than higher-income homeowners.

On the other hand, working renters represent a majority of all renters; almost 60 percent of all renter-occupied households met the working household definition in 2010. Overall, renting households saw their incomes decrease and housing costs increase, creating greater affordability challenges than in previous years.
rents and decreasing incomes. The increase in the share of working owners paying more than half their income for housing was smaller, but also significant – rising from 20.8 percent in 2008 to 21.6 percent in 2010.

The increase in the rate of severe housing cost burden among working households occurred exclusively for those earning less than 80 percent of area median income (AMI).

As shown in Figure 3, the proportion of households with a severe housing cost burden increased the most for households earning less than 50 percent of AMI, and their rate of cost burden continued to exceed that of higher-earning households. Households with a more moderate income, earning between 80 and 120 percent of AMI, saw little change in the share severely burdened by housing costs.

The incomes of working renters and working owners with severe housing cost burdens differ.

As shown in Figure 4, nearly all working renters with a severe housing cost burden earn less than 50 percent of AMI while working owners with a severe housing cost burden are more evenly distributed across income categories. This difference is likely due to the fact that there are relatively few very low-income owners and that moderate-income owners are more likely to struggle to meet housing costs than moderate-income renters.

State and Local Findings

Since 2008, affordability has steadily eroded for working households in 24 states.

The share of working households with severe housing cost burdens increased significantly in 24 states between 2008 and 2010 and was lower in just one — Maine (see shaded areas of Figure 5). Eight of those states saw significant increases just in the one year since 2009: Alaska, Georgia, Kentucky, New Jersey, North Carolina, Pennsylvania, South Carolina, and Texas. (Michigan saw a significant decrease in its rate of severely burdened households since 2009, but this only returned it to 2008 levels, resulting in no change over the two-year period.)

It is also worth noting that many states have steadily high rates of severe housing cost burdens among working households. In California, Nevada, Connecticut, Hawaii, and Rhode Island, there was no significant change between 2008 and 2010, but at least one in four working households is severely cost burdened. Another eight states have a rate of at least 20 percent.
Nineteen of the 50 largest metro areas saw the number of working households with severe housing cost burdens increase between 2008 and 2010. Only Riverside-San Bernardino, California, saw its share of severely cost-burdened households decline significantly since 2008, and in spite of this, it remains in the list of the five metro areas with the highest shares of severely burdened households (Table 2). Focusing on the one-year period between 2009 and 2010, six metro areas saw significant increases in the share of working households with severe housing cost burdens and only one, Detroit, saw a decline which, while significant, kept its share well above that of 2008 (See Appendix B).

Even among the metro areas that ranked lowest, one in seven working households is severely cost burdened.

**FIGURE 5.** Share of Working Households with Severe Housing Cost Burden by State, 2010 (Shaded by Change, 2008–2010)
Supporting Data: Employment, Income, and Housing Costs

The findings above demonstrate that 2010 continued a trend of worsening affordability for low- and moderate-income (LMI) households — that is, those earning less than 120 percent of AMI. To shed light on the underlying causes, this section briefly explores national employment, income, and housing cost trends between 2008 and 2010.

Fewer low- and moderate-income households have jobs that employ them for 20 hours or more per week.

The share of all U.S. households that met our criteria for “working households” — income less than or equal to 120 percent AMI and at least 20 hours of work per week — decreased by 2.4 percentage points between 2008 and 2010, falling from 41.8 percent to 39.3 percent. In just one year — from 2009 to 2010 — the share decreased by 1.3 percentage points. The change can largely be explained by increases in the share of low- and moderate-income households that were not working or working less than 20 hours, which increased by 1.7 percentage points between 2008 and 2010. By definition, households working less than 20 hours per week are not included in our analysis, even if they pay more than half their income for housing. Had they been included, the number and share of low- and moderate-income households with severe housing cost burdens would have been higher: overall, 27 percent of low- and moderate-income households in the United States — or 18.2 million of the more than 67 million households — had a severe housing cost burden in 2010, up from 25 percent in 2008.

At the same time, there is evidence of a small increase in the share of households with higher incomes. The share of all U.S. households earning more than 120 percent of AMI rose by 0.5 percentage points between 2008 and 2010 even as the share of all households with low- or moderate-incomes declined by the same amount.

Incomes for all households, working and not, have declined since 2008.

Working homeowners saw the largest declines in income, falling from $43,570 in 2008 to $41,413 in 2010 (in nominal dollars) — about 5 percent (Table 3). This can be explained in part by a decrease in the median number of hours worked (per week) by owners — from 50 to 48 between 2008 and 2010.

Median hours for working renters, on the other hand, held steady over the same period. While the median household income of renters increased slightly between 2009 and 2010, that increase was not enough to overcome previous declines, and the median income for a working renter in 2010 was still about four percent below 2008 levels.

For all households, working and not, nominal income declined about 3 percent between 2008 and 2010.

Since 2008, there has been a steady trend in decreasing costs for owners and increasing costs for renters.

The decrease in housing costs for working owners has been modest, and was outweighed two to one by decreases in income since 2009 and slightly more than that since 2008 (Table 4). This means that declines in housing costs for owners have not been enough to improve affordability for working households.

Renters, however, are faced with both higher costs and lower incomes. Since 2009, increases in the median household income for working renters (1 percent) were matched by a similar increase in housing costs. But between 2008 and 2010, the median income for renter households declined by 4 percent while housing costs increased by that same amount, exacerbating renters’ affordability challenges.

Methodology

This report is based on American Community Survey (ACS) data collected by the U.S. Census Bureau in 2008, 2009, and 2010. Estimates in this report were generated using Public-Use Microdata Sample (PUMS) population and housing files made publicly available by the Census Bureau. Each file includes roughly 40 percent of the full ACS sample for its respective year, resulting in over 3 million records in each population file and over 1.2 million records in each housing file. There is a unique identifier that links individuals in the population file to households in the housing file. The only geographic identifiers are the state, the census region, and the Public-Use Microdata Area (PUMA) of residence. PUMAs are locally defined geographic areas that allow researchers to produce socioeconomic and demographic estimates with ACS data for sub-state geographies. Each PUMA has a minimum population of 100,000.

The remainder of this section explains how the PUMS files and constituent variables were used to develop the estimates in this report.

Metropolitan Area Estimates: The ACS PUMS files were used to generate metropolitan area statistics by associating each PUMA with the metropolitan area (or non-metropolitan area) in which it is located. These PUMA-to-metropolitan area relationships were generated using the Missouri Census Data Center's MABLE/Geocorr2K online application. Because not all PUMAs are entirely contained within a metropolitan area, each PUMA was assigned to a metro area if at least 50 percent of its housing units fell within the area's boundaries. PUMAs that did not fall at least 50 percent within a metropolitan area were coded as non-metropolitan.

One consequence of using this “50 percent rule” is that where metropolitan area and PUMA boundaries are not coterminous, either too few or too many households are assigned to the metro area (i.e., if a PUMA falls 75 percent within a metro area, all of its households are considered to reside in the metro area even though 25 percent do not, in actuality). For the 50 metropolitan areas listed in the report, this methodology produced housing unit totals equal to anywhere from 91 percent to 106 percent of each area's actual housing unit counts, suggesting that, by and large, the PUMAs do a sufficiently good job of approximating the metropolitan areas. In fact, for 15 metro areas, PUMAs nested exactly within their borders and housing unit totals matched control totals exactly.

Household Income Relative to Area Median Income: For each household assigned to a metropolitan area, household income (variable HINCP in the PUMS file) was compared to the area's median family income estimate (ACS detailed table B19113), adjusted for household size. The ratio of household income to this area median income (AMI) was used to determine the income category for each household, as well as whether or not it met the income requirements of the working household definition (i.e., \(\leq 120\) percent of the AMI). Non-metropolitan AMIs for each state were derived from the household records classified as non-metropolitan in the PUMS files. The roughly 1.2 million households reporting zero or negative income in each of the study years were excluded from these analyses.

Housing Costs: The PUMS housing files include two variables that aggregate monthly housing costs for owners and renters. For owner-occupied households, this variable (SMOCP) includes first and second mortgage payments, property taxes, insurance, homeowner association fees, and utilities; for renter-occupied households, this variable (GRNTP) includes cash rent and utility costs. This analysis used the Census Bureau's aggregation for owner-occupied households but replaced the renter housing cost aggregation with a custom-calculated variable. This was necessary because the PUMS housing file does not aggregate housing costs for renters that do not pay cash rent, even if they pay utilities. Because using the PUMS variable would have excluded these households from the analysis, a replacement variable was calculated that sums utility costs for renter-occupied households that do not pay cash rent.

Source: Center for Housing Policy tabulations of American Community Survey PUMS files.
As the research affiliate of the National Housing Conference (NHC), the Center for Housing Policy specializes in developing solutions through research. In partnership with NHC and its members, the Center works to broaden understanding of the nation’s housing challenges and to examine the impact of policies and programs developed to address these needs. Combining research and practical, real-world expertise, the Center helps to develop effective policy solutions at the national, state and local levels that increase the availability of affordable homes.

The Housing Landscape series uses the most current information available to understand the relationship between housing costs and incomes for working households in the United States.

Endnotes

1 All dollar figures reported are nominal and not adjusted for inflation.

2 A household is considered to have a severe housing cost burden if it spends more than 50 percent of its income on housing costs, including utilities.

3 Due to changes in population controls since Census 2010, population estimates and "estimates of the number of people in a given location are not strictly comparable" before and after 2010. General trends, however, should remain valid and we have used rates and percentages throughout our analysis to focus on trends rather than discrete counts of households. For further information, please see the Census Bureau's Change in Population Controls document. In addition, a methodological change noted in the Methodology section has resulted in a recalculation of the level of cost burden in 2008 and 2009; the estimates reported in this report are thus not comparable to those of previous editions of Housing Landscape.

4 For a detailed state-by-state listing, see Appendix A.

5 Metropolitan area definitions are consistent with those defined by the Office of Management and Budget in Update of Statistical Area Definitions and Guidance on Their Uses, OMB Bulletin No. 08-01, issued November 20, 2007 (available at http://www.whitehouse.gov/sites/default/files/omb/assets/omb/bulletins/fy2008/b08-01.pdf).

6 Available at http://mcdo2.missouri.edu/websas/geocorr2k.html.

7 Similar to the way HUD develops income limits for households of various sizes, the median family income is used as the benchmark to which the income of a four-person household is compared. Incomes of larger households are compared to an upwardly adjusted median family income, and the benchmark for smaller households is adjusted downward. For a detailed description of the adjustments used by HUD and in this report, see p. 10 in HUD's FY2010 HUD Income Limits Briefing Material, available at www.huduser.org/portal/datasets/il/il10/incomeLimits BriefingMaterial_FY10.pdf.

8 Median family incomes for non-metropolitan areas in each state were derived from the household records classified as non-metropolitan in the PUMS files.

9 This year’s Housing Landscape report reflects a change in methodology. Last year, we adjusted income using the income adjustment variable (ADJINC) when calculating the housing-cost-to-income ratio (HCIR). Census no longer advises making this adjustment and thus we have discontinued it. Therefore, the results from the current Housing Landscape report are not comparable to those of prior reports.
